Comprehensive Services & Products

Ceramex offers a comprehensive suite of services, starting with the expert restoration of DPFs and DOCs to meet stringent OEM specifications. In instances where filters are beyond restoration, Ceramex provides high-quality aftermarket filters as a reliable alternative. Additionally, we supply OEM-grade clamps and gaskets at competitive aftermarket prices, ensuring a complete solution for diesel after-treatment maintenance needs.

- DPF & DOC Restoration
- OEM Specification Validation
- High-Quality Aftermarket Filters
- OEM-Grade Clamps & Gaskets

Global Pioneer and Leader in Single-Source OEM, DPF and DOC Provider

Diesel Particulate Filters (DPF)

Diesel Particulate Filters are at the core of emission reduction. Our DPFs remove nearly all particulate matter, ensuring your vehicle meets emission standards.

Diesel Oxidation Catalysts (DOC)

A DOC is essential for breaking down harmful pollutants into less harmful substances. Our Diesel Oxidation Catalysts are efficient and reliable, helping you maintain optimal performance.

Clamps and Gaskets

It's the small parts that make a big difference. Our clamps and gaskets ensure a snug fit and secure sealing, maximizing the efficiency of your emission systems.
